

November 28, 2024, Thursday

Time | Room A | Room B | Room C | Room D | Room E | Room F
Kaya Belek Room

13:00 - 14:00 Oral Presentation Session - 1 | Oral Presentation Session - 2 | Oral Presentation Session - 3

14:00 - 15:15 Panel 1

Topics to Discuss in Neuro Anesthesia

Session Chairs: Hülya Bilgin - Serap Karacalar

- Old drugs, new interpretations (Ahmet Beşir)
- TCI, but how? (Başak Akca)
- Signal loss in intraoperative neuromonitoring—Oh no, what should I do? (Ceyda Özhan Çaparlar)
- ERAS (Muzaffer Gencer)

Panel 2

Sepsis Treatment Processes: How to Start, Continue, and Conclude?

Session Chairs: Tuğhan Utku - Necmettin Ünal

- Vasopressor treatment (İsmail Demirel)
- RRT (Aynur Karayol Akın)
- Hemadsorption treatment (Alper Yosunkaya)
- Nutrition (Nimet Şenoğlu)

Panel 3

Nuances in Pain Management

Session Chairs: Gül Köknel Talu - Hacı Ahmet Alıcı

- Liver and kidney failure (Ender Sir)
- Long-term opioid requirement in post-surgical chronic pain (Erdem Duman)
- Current recommendations in pediatric acute pain (Suna Akın Takmaz)
- Acute pain management in geriatric patients (Pakize Kırdemir)

15:15 - 15:30 Coffee Break & Company Visits

Anesthesiology and Intensive Care

European Diploma of Anesthesia and Intensive Care Oral Exam Preparation Course (details)

15:30 - 16:45 Panel 4

Effective Communication in Anesthesia

Session Chairs: Osman Ekinci - Yücel Karaman

- Communication with frail patients (Şükran Geze Saatçi)
- Effective communication with patient relatives and how to deliver bad news? (Kamil Varlık Erel)
- Health communication (Kerem Erkalp)
- Communication with oneself—Personal well-being (Menekşe Özçelik)

Panel 5

Four Topics in Cardiothoracic Surgeries

Session Chairs: Zerrin Sungur - Tülin Aydoğdu Titiz

- Pharmacological right ventricular support (Muhammed Enes Aydın)
- Blood transfusion strategy in cardiac surgery (Murat Aksun)
- Alternative anticoagulants: Where are we now? (Hija Yazıcıoğlu)
- Cerebral and spinal cord protection (Ersin Köksal)

Panel 6

New Developments in the Familiar "Airway" Scene

Session Chairs: Kamil Toker - Özgür Canbay

- Apneic oxygenation and HFNO (Beliz Bilgili)
- Airway management in neonates and infants (Sengül Özmert)
- The role of ultrasound in airway management (Pınar Kendigelen)
- Awake video laryngoscopy: A solution for difficult intubation? (Mehmet Yılmaz)

16:45 - 17:15 Coffee Break & Company Visits

17:15 - 17:45 Opening Session

- Moment of Silence and National Anthem
- Secretary General's Speech (Hilal Ayoğlu)
- President's Speech (Ali Fuat Erdem)
- Presentation of Plaques

17:45 - 18:30 Opening Lecture

Anesthesia and Art

- Halil Tekiner (President of the World History of Pharmacy Association)

18:30 - 19:30 Oral Presentation Session - 4 | Oral Presentation Session - 5

November 29, 2024, Friday

Time | Room A | Room B | Room C | Room D | Room E | Room F

Kaya Belek Room

08:00 - 09:00 Oral Presentation Session - 6 | Oral Presentation Session - 7 | Oral Presentation Session - 8

09:00 - 10:15 Panel 7

Updates in Thoracic Surgery Anesthesia

Session Chairs: Lale Yüceyar - Yusuf Ünal

- Fluid management in thoracic surgery (Nüzhet Mert Şentürk)
- Pulmonary and cardioprotective mechanical ventilation in thoracic surgery (Javier Garcia Fernandez)
- Flow-controlled ventilation and jet ventilation in airway surgery (Ali Alagöz)
- Truncal blocks in postoperative analgesia (Başak Altıparmak)

Panel 8

FOKUS POCUS

Session Chairs: Remzi İşçimen - Seda Banu Akıncı

- Hemodynamic assessment (Hatem Soliman Aboumarie)
- Pediatric anesthesia (Berrin Işık)
- Intensive care (Funda Gök)
- Interventional applications (Ayca Özdemirhan)

Panel 9

7 Plan A Block x 7 Minutes: Current Prescriptions in Regional Anesthesia

Session Chairs: Fatma Sarıcaoğlu - İrfan Güngör

- Interscalene block (Burak Eşkin)
- Axillary block (Mustafa Oğurlu)

- Erector spinae plane block (Oğuz Gündoğdu)
- Rectus sheath block (Süheyla Karadağ Erkoç)
- Femoral block (Orhan Binici)
- Adductor canal block (Demet Lafli)
- Popliteal block (Ufuk Demir)

Patient Safety Course (details)

Neuroanesthesia Course (details)

Let's Write Together (details)

10:15 - 10:30 Coffee Break & Company Visits

10:30 - 11:15 Satellite Symposium 1 | Satellite Symposium 2

11:15 - 11:30 Coffee Break & Company Visits

11:30 - 12:15 Satellite Symposium 3 | Satellite Symposium 4

12:15 - 13:00 Roundtable 1

Preoperative Fasting and Thirst

Moderators: Ali Fuat Erdem (President of TARD), Daniela Filipescu (President of WFSA), Wolfgang Buhre (President of ESAIC)

- Is preoperative fasting and thirst a significant problem in every country? (Federico Biolotta)

PRO-CON 1

Which Should We Use for Hemodynamic Evaluation?

Moderator: Pınar Zeyneloğlu

- Echocardiography (Hatem Soliman Aboumarie)
- Dynamic hemodynamic monitors (Aslı Demir)

Conference 1

Moderator: Mehmet Uyar

- The evolving world of anesthesiologists with artificial intelligence (Mustafa Kemal Arslantaş)

13:00 - 14:00 Lunch Break

14:00 - 15:15 Panel 10

The Black Box of Anesthesia: Aging Systems – Geriatric Patient

Session Chairs: Neslihan Alkış - Başak Ceyda Meço

- What is overlooked in preoperative assessment: Frailty and cognitive evaluation (Edoardo de Robertis)
- Dehydration and fluid management (Florian Bubslers)
- Ensuring safe anesthesia care for the elderly (Benedikt Preckel)
- Cognitive disorders that go unnoticed in postoperative care (Finn Radtke)

Panel 11

Going Forward Confidently: EEG

Session Chairs: Özlem Korkmaz Dilmen - Alper Kararmaz

- In pediatric patients (Daren Hight)
- In geriatric patients (Matthias Kreuzer)
- In specialized surgeries (Özlem Korkmaz Dilmen)
- In intensive care (Pınar Zeyneloğlu)

Panel 12

Professor Dr. Kutay Akpir Session

Sensitive Issues in Intensive Care

Session Chairs: Nahit Çakar - Necmettin Ünal

- Phenotypes and treatment approaches in ARDS (Ferda Kahveci)
- PEEP titration in ARDS (Mustafa Kemal Bayar)
- New modes in weaning (Kubilay Demirağ)
- CO2 monitoring (Bülent Güçyetmez)

Ultrasound-Guided Targeted Anesthesia Course (details)

Ultrasound-Guided Plane Blocks Course (details)

Intraoperative Lung Protective Ventilation Course (details)

Lung / Diaphragm Protective Ventilation Course (details)

15:15 - 15:30 Coffee Break & Company Visits

15:30 - 16:15 Conference 2

Moderator: Tülay Şahin

- Obstetric anesthesia management and optimization of obstetric anesthesia departments (Nuala Lucas)

Conference 3

Moderator: Dilek Memiş

- Postoperative management of myocardial injury after non-cardiac surgery (Maura Marcucci)

Conference 4

Moderator: Zekeriyya Alanoğlu

- Excellence deserves recognition: How to write a good article? (Alparslan Turan)

16:15 - 16:30 Coffee Break & Company Visits

16:30 - 17:45 Panel 13

New Dimensions in Neuroanesthesia

Session Chairs: Zerrin Özköse Şatırlar - Yasemin Güneş

- Contributions of neuroscience (Hatice Türe)
- Contributions of technology (Gözde İnan)
- Simulation methods (Mehmet Emin Aksoy)
- Personalized care (Başak Ceyda Meço)

Panel 14

Balkan Anesthesia Platform Session

Obesity and Challenges

Session Chairs: Meral Kanbak - Onur Özlü

- Intraoperative ventilation in obese patients (Emre Erbabacan)
- Anesthesia management in robotic surgery for obese children (Marijana Karisik)
- Appropriate anesthetic drug dosing in morbidly obese patients (Jasmina Smajic)
- Intensive care for obese patients (Mirjana Shosholcheva)

Roundtable 2

Ministry of Health and TARD in Disasters

Session Chairs: Hasan Koçoğlu - Selim Turhanoglu

- Service organization of the Ministry of Health in disasters (Eray Çınar)
- What should TARD do to be prepared for disasters? (Kemalettin Koltka)

17:45 - 19:00 Competition

Experimental Oral Presentation Competition

- Jury President: Zekeriyya Alanoğlu
 - Jury Members: Nahit Çakar, Necati Gökmen, Berrin Işık, Alparslan Kuş, Nimet Şenoğlu, Serkan Tulgar, Hakkı Ünlügenç
-

November 30, 2024, Saturday

Time | Room A | Room B | Room C | Room D | Room E | Room F

Kaya Belek Room

08:00 - 09:00

Oral Presentation Session - 9 | Oral Presentation Session - 10 | Oral Presentation Session - 11

09:00 - 10:15 Panel 15

Professor Dr. Sadi Sun Session

Fluid-Electrolyte and Transfusion Management in Pediatrics: From Theory to Practice

Session Chairs: Karamehmet Yıldız - Zehra Serpil Ustalar Özgen

- Perioperative fluid therapy in pediatrics: Which fluid? How much? (Dusica Simic)
- What do monitors tell us about fluid management? (Koray Erbüyün)
- The role of base-excess and lactate in fluid management (Filiz Üzümcügil)
- Recommendations from pediatric transfusion guidelines (İlkben Günüşen)

Panel 16

It's Time to Talk the Motto: From Past to Future with Confidence

Session Chairs: Ali Fuat Erdem - Jülide Ergil

- Early recognition and rapid intervention in perioperative deterioration: Patient rescue systems (Argyro Zoumprouli)
- The impact of technological vision on safety in anesthesia (Maria Wittmann)
- Recommendations for optimizing worker safety in anesthesia (Hilal Ayoğlu)
- The SAFEST Project (Danial Arnal)

Panel 17

Patient-Centered Perioperative Care in Liver Transplantation

Session Chairs: Nazım Doğan - Sevda Özkardeşler

- Monitoring targets in liver transplantation (Sezgin Ulukaya)
- Vasoconstrictors in liver transplantation (Yasemin Burcu Üstün)
- Patient-centered perioperative blood transfusion (Reyhan Arslantaş)
- Acid-base management in liver transplantation (Hüseyin İlksen Toprak)

Hemodynamic Monitoring Course (details)

Ultrasound-Guided Upper and Lower Peripheral Nerve Blocks Course (details)

A Quick Look at Cardiac Anesthesia with the Expert (details)

SBI EEG Bootcamp (details)

10:15 - 10:30 Coffee Break & Company Visits

10:30 - 11:15 Satellite Symposium 5 | Satellite Symposium 6

11:15 - 11:30 Coffee Break & Company Visits

11:30 - 12:15 Satellite Symposium 7 | Satellite Symposium 8

12:15 - 13:00 Conference 5

Moderator: Jülide Ergil

- Fatigue management project (Nancy Redfern)

Conference 6

Moderator: Özlem Sağır

- Environmental sustainability and patient safety; Competing agendas? (Wolfgang Buhre)

PRO-CON 2

Bedside Targeted Ultrasound (POCUS): “To Be or Not to Be”

Moderator: Hasan Murat Gündüz

- Reliable (Funda Gök)
- Misleading (Alper Kılıçaslan)

13:00 - 14:00 Lunch Break

14:00 - 15:15 Panel 18

Regional Anesthesia 2.0: From Cadaver Anatomy to Advanced Block Techniques

Session Chairs: Yavuz Gürkan - Ali Ahıskalıoğlu

- Bridging cadaver anatomy and clinical application: Insights into regional anesthesia (Sandeep Madhusudan Diwan)
- Promising new blocks (Serkan Tulgar)
- Motor-sparing blocks in hip and knee surgery (Ahmet Murat Yayık)
- Motor-sparing blocks in shoulder surgery (Gözen Öksüz)

Panel 19

Perioperative Blood Management

Session Chairs: Berrin Günaydın - Hilal Ayoğlu

- Patient Blood Management: A call to action from WHO and WFSA (Daniela Filipescu)
- Perioperative blood transfusion (Fatma Kavak Akelma)
- Adjuvant therapies (Fevzi Toraman)
- Factor VIII: Dynamic modulator of hemostasis and thrombosis in trauma (Mediha Türktan)

Panel 20

Make a Difference with TEE

Session Chairs: Ayşegül Özgök - Kazım Karaaslan

- Predicting RV function post-LVAD (Türkan Kudsioğlu)
- Impact of valve replacement or repair on surgical decision-making (Yusuf Ünal)
- Use in minimally invasive cardiac surgery (Ümit Karadeniz)
- Intraoperative use outside of cardiac anesthesia (Dilek Ünal)

Pediatric Anesthesia Course (details)

CRRT Course (details)

SBI EEG Bootcamp (details)

15:15 - 15:30 Coffee Break & Company Visits

15:30 - 16:45 Panel 21

Crisis Management in Obstetrics

Session Chairs: Hakkı Ünlügenç - Semra Karaman

- Pregnant patient with hereditary angioedema (Namık Nebi Özcan)
- Perioperative cardiac arrest (Nuala Lucas)
- Pregnant patient with pulmonary hypertension (Nilay Taş)
- Elderly pregnant patient with peripartum hemorrhage (Sevgi Kesici)

Panel 22

ATAIB Session: Hot Off the Press

Session Chairs: Suna Gören - Mark Coburn

- Airway management (Gregor Massoth)
- Delirium management (Maria Wittmann)
- Geriatric anesthesia (Mark Coburn)
- Patient safety (Benedikt Preckel)

Roundtable 3

Being an Anesthesia Resident in Turkey

Moderators: Hüseyin Öz - Ömer Kurtipek

- Pros and cons, and concerns... (Miraç Özkal Yalın)
- Missed opportunities:
 1. International exchange programs (Yasin Tire)
 2. Courses, modules, and congress participation (Berk Akyüz)
- TARD's recommendations for standardizing education (Mukadder Orhan Sungur)

16:45 - 17:00 Coffee Break & Company Visits

17:00 - 18:15 Panel 23

Specific Cases in Trauma

Session Chairs: Zekeriyya Alanoğlu - Kudret Doğru

- Pregnant trauma patient (Volkan Baytaş)
- Pediatric polytrauma (Gregor Massoth)
- Head trauma in geriatric patients (Zekeriyya Alanoğlu)
- Burn trauma patient on anticoagulants (Özlem Sezen)

Panel 24

EBA Session: Safely into the Future with EBA

Session Chair: Olegs Sabelnikovs

- Patient safety—Constant renewals and new achievements (David Whitaker)
- From European training requirements to professional development modules—the building blocks for anesthesiologists (Sibylle Langenecker)
- Workforce, working conditions, and well-being in anesthesiology—Challenges and opportunities (Ioana Grigoras)
- How does EBA connect with national societies and implement policies at the national level? (Neslihan Alkış)

Oral Presentation Session - 12

18:15 - 19:30 Oral Presentation Session - 13 | Clinical Oral Presentation Competition

Jury President: Alparslan Turan

Jury Members: Neslihan Alkış, Ayşe Gülbin Arıcı, Hülya Bilgin, Yavuz Gürkan, Ömer Kurtipek, Mukadder Orhan Sungur, Mehmet Uyar

December 1, 2024, Sunday

Time | Room A | Room B | Room C | Room D | Room E | Room F | Room G

08:30 - 09:45 Panel 25

CPR in Intensive Care

Session Chairs: Şule Akın - Oktay Demirkıran

- e-CPR in ICUs (Nurcan Doruk)
- Discussions on ECHO in CPR (Gönül Tezcan Keleş)
- CPR in patients with mechanical support devices in ICUs (Yeşim Andıran Şenaylı)
- Organ donation after extracorporeal CPR (Bahar Kuvaki Balkan)

Panel 26

Challenges/Questions in Palliative Care

Session Chairs: Nurten İnan - Dilek Özcengiz

- Palliative care in intensive care: How far should we go? (Birgül Büyükkıdan)
- Should we perform regional anesthesia for pain control at the end of life? (Sacit Güleç)
- Are nutritional supports beneficial for pressure sores? (İnci Kara)
- Delirium: What if we miss it? (Yakup Tomak)

Panel 27

Safe Regional Anesthesia

Session Chairs: Alpaslan Kuş - Selcan Akesen

- A regional anesthetist's toolkit: Needles, catheters, pain pumps (Mürsel Ekinci)
- Do adjuvants prolong the duration of peripheral nerve blocks? Illusion or reality? (Ülkü Özgül)
- How I do it: Perineural catheters and their role in multimodal analgesia (Serdar Yeşiltaş)
- Plasma local anesthetic levels: Analgesic, anesthetic, or toxic? (Havva Kocayığit)

09:45 - 10:00 Coffee Break & Company Visits

10:00 - 11:15 Panel 28

Difficult Pediatric Airway Cases – Midnight Nightmare

Session Chairs: Özlem Selvi Can - Dilek İçli

- Child aspirating a foreign body (Sibel Oba)
- Child with tonsil bleeding (Gamze Küçükosman)
- Syndromic child with an expected difficult airway (Gülbin Töre Altun)
- Child with anterior mediastinal mass (Esra Çalışkan)

Panel 29

Day Case but Challenging Cases

Session Chairs: Leyla İyilikçi - Simay Serin Karaduman

- Child with OSAS (R. Dilek Okyay)
- Child with comorbidities planned for dental intervention under sedation (Seher Orbay Yaşlı)
- Patient with substance abuse (Savaş Altınsoy)
- Patient with chronic renal failure (İlker Öngüç Aycan)

- Elderly patient with severe heart failure (Mehmet Selçuk Uluer)

Panel 30

Fine Dining in Intensive Care: Personalized Nutrition

Session Chairs: Çetin Kaymak - Yavuz Demiraran

- Monitoring in nutrition (Ferda Yılmaz İnal)
- Nutritional management of the sarcopenic obese patient (Jale Bengi Çelik)
- Elderly malnourished patient (Helin Şahintürk)
- Updates in micronutrition (Murat Haliloğlu)

11:15 - 12:00 Closing Ceremony and Awards
